# Kankipati Kishore

Trained from Human Factors International in CUA & CXA   Mobile**: +91-9742752277**

Creative, customer-focused Design Professional with 5+ years experience in UI and UX design, working in various design capacities. I am passionate about understanding and analysing user behaviour and designing user-centered products. I have an ability to take complex business problems and requirements to create compelling user-centered design solutions. I am a strong advocate of good usability design and believe in simple, easy to use, intuitive design solutions.
